

Digital Photo Album

Imagine a desk album that presents a new digital picture every two minutes!

Desktop Digital Frame holds your favorite digital photos

- **View individual photos, create a slide show for auto scrolling, or have the picture change at 2 minute intervals**
- **Pictures download easily from your PC via the USB connection**
- **USB connecting cable included**
- **1.3 inch Color LCD Screen**
- **Built-in quartz digital clock with temperature and snooze function**
- **Retractable stand makes it easy to set up on desk or nightstand**
- **Compact and Lightweight: 4" x 2" and weighs only 5 ounces**

This is truly a spectacular premium at a popular price point. And unit can be programmed through your PC or laptop.

Plus Time and Temperature!
